

Air 1 is serving our community daily! I know personally of many teenagers, adults, and families that rely on Air 1. It has a positive effect on our community & the teenagers that I work with. If Air 1 were to be displaced by an LPFM broadcaster our community would be devastated & suffer greatly. Keeping Air 1 is in our best public interest because it is supported financially by the public! We rely on Air 1 & want it to remain- and the evidence of that is that they are repeatedly funded and supported financially by us!!! Do not replace Air 1 with something else because there will be no comparison. It would have detrimental effect on our community.
